SUMMARY

Front-End Developer with 1+ year of hands-on experience building responsive, production-ready web applications in React. Shipped 10+ independent projects covering state management, REST/third-party API integration, authentication, and multilingual interfaces. Focused on clean code, performance, and intuitive user experience.

EXPERIENCE

Front-End Developer

2025

Arnology LLC

Building and maintaining front-end features for company products using React and modern JavaScript, while completing an advanced web development program in parallel.

FEATURED PROJECTS
